Campaign for Nuclear Disarmament
www.cnduk.org

Dear _____

Please stop our precious money being spent on nuclear weapons. Massive cuts in public spending are under way, but billions are already being squandered on the Trident nuclear weapons system and its replacement.

The final price tag for having and running a replacement will be at least £100 billion yet nuclear weapons are militarily useless, make us less secure and make the world a much more dangerous place. The majority of British people are against them and most of the world supports an international ban on nuclear weapons – a Nuclear Weapons Convention.

I urge you to demand an end to Trident and its replacement, and to support negotiations for a Nuclear Weapons Convention.
