Saturday 5th October 2019 from 2 to 4pm

The Union Corner, 96 Union Street PL1 3EZ

Time to protest! A General Election looms, with issues of global heating, economic recession, Austerity, Racism and War, all eclipsed by the divisions over Brexit. The upgrading of illegal **Trident nuclear weapons** costing more than £200billion, the absurd cost of new nuclear power at Hinkley costing at least £27billion, and 2% of GDP being spent on military preparations for war at a time of Climate Emergency should all be the subject of debate and protest.

Join South West CND for this public meeting as part of CND's Global Dangers tour.

Lifelong peace and environmental activist **Tony Staunton** will be speaking on the subject of 'The new abnormal: nuclear weapons, extreme nationalism and global heating'. There will be ample time for discussion.
