

CND FRINGE MEETING

# A NEW AGENDA FOR PEACE

WHAT WE NEED FROM LABOUR'S DEFENCE REVIEW

Labour has inherited a defence nightmare from the Tories: over £205 billion spending on Trident replacement, an increasing nuclear arsenal, military spending heading for 2.5% GDP, new US nuclear weapons heading to Britain. This is not what Britain needs. Labour's Defence Review must reverse these dangerous policies, reject war and weapons in favour of peace and social progress. Join us to discuss how we can advance an agenda for peace.

**Sunday 22 September**, 4pm-5.30pm, Albert Room, The Hilton, Liverpool

Chaired by **Kate Hudson**, CND General Secretary

**Alex Gordon**, RMT President; **Bell Ribeiro Addy**, Labour MP;

**Jess Barnard**, Labour Party NEC; **Peter Burt**, Nukewatch;

**Sam Mason**, CND Vice-Chair
