### **COUNCIL'S REPORT**

**For the year ended 31 December 2022**

---

The Council (which is the board of directors for company law purposes) presents its report and the unaudited financial statements for the year ended 31 December 2022.

#### **OBJECTS**

The Campaign for Nuclear Disarmament (CND) seeks nuclear disarmament by Britain and worldwide and to promote and advance the welfare of the human community by working for international peace and disarmament and a world in which the vast resources devoted to militarism are redirected to the real needs of the planet and the human community.

#### **PRINCIPAL ACTIVITIES**

CND's principal campaigning activities are to inform, educate, lobby and engage people in diverse forms of activity to achieve its objects. It publishes periodicals and reports; it sends regular briefings to and meets with MPs; it lobbies UK ministers, ambassadors, diplomats, academics and opinion formers, both in person and by letter; it informs and educates its members and encourages them to take action; it holds street stalls, exhibitions, vigils, demonstrations and engages in non-violent direct action; it distributes leaflets and other materials, to inform the public on nuclear issues; it sends representatives to international disarmament conferences; it maintains contact and liaises with other organisations including regional and local groups within the UK, like-minded organisations in Europe and elsewhere, and specialist and expert organisations worldwide; it produces a schools pack, other educational materials, and provides speakers. At all times, it informs the media about its activities.

#### **ORGANISATION OF THE CAMPAIGN**

CND's annual conference is the policy-making body, establishes CND's strategy and sets priorities for the coming year. CND Council is the Board of Directors and is responsible for the implementation of policy as set by the Conference and meets three times a year. It monitors CND's finances and makes major financial decisions. Fifteen members of Council are directly elected by the AGM, and there are also representatives from the regions and specialist sections, as defined in Part 2 of CND's Regulations. The Officer team is the Management team and six of its members are elected at the AGM to direct CND's operations between Council meetings; a seventh member of the Officer team, the General Secretary, is an appointed staff position (the Company Secretary became one of the six elected officer positions in 2020 following a rule change in 2019).

CND's staff work as a team, under the direction of members of the Officer team. Guidance is also provided by the Administration and Finance Group, and the Campaigns Group, which both meet regularly. The Administration and Finance Group monitors financial performance against the budget, oversees fundraising, ensures that financial systems and controls are being followed and sets the budgets, including considering any amendments to the budgets, which are then approved by Council. It reports to Council. The Campaigns Group considers the details of campaigning programmes and ensures their integration with membership, fundraising and international work.

#### **COUNCIL**

The members of the Council, who are the Campaign's directors, during the year are shown on page 2 and served throughout the year except where otherwise indicated. The vice-Presidents and officers for the year are shown on page 1.

#### **REVIEW OF PROGRESS AND ACHIEVEMENTS**

During the year CND campaigned primarily on its core objectives of opposing the UK Trident nuclear weapons system and working towards global nuclear disarmament. The Russian invasion of Ukraine emphatically demonstrated the dangers of nuclear states holding and threatening the use of their nuclear weapons. It also highlighted the dangers of nuclear power stations as targets in conventional warfare. CND continued its No Trident campaign and supported the UN General Assembly's decision to agree a global nuclear ban treaty in late 2017, which came into force January 2021. Other campaigns focused on US Missile Defence and Weapons in Space, NATO nuclear weapons, nuclear power and anti-war campaigning.

### **COUNCIL'S REPORT**

**For the year ended 31 December 2022**

---

Lobbying, letter writing, street campaigning, blockades, local meetings and parliamentary meetings have all been employed on CND campaigns. Much activity took place at local level, increasing awareness of and interest in peace issues and CND. CND assists local groups and activists through the provision of advice, encouragement, leaflets and other campaigning materials and the CND website continues to develop, providing up to date information on all activities.

CND undertakes extensive press work to maintain high profile coverage of CND and its issues. It lobbies diplomats, ministers and various officials and continues to work with its supporters in Parliament. It maintains regular contact with MPs, raises issues of concern, produces briefings, and seeks to influence the policy-making processes of the political parties and trade unions.

### **FUTURE DEVELOPMENTS**

CND will continue to organise a broad range of activities involving its staff, regions, groups and members. It will send representatives to international conferences, political party conferences, trade union conferences and many other events, where feasible. It will continue to work with other campaigning organisations and groups to achieve its objectives, and fulfil its conference decisions.

CND's efforts on fundraising and membership recruitment will continue with new social media techniques being set up to improve membership development in particular. Fundraising, recruitment and profile raising will be maintained through CND's presence at festivals and events as well as through campaigning activities, where possible, and the utilisation of social media.

CND is committed to maximising its use of its resources, including its staff, members, and investment in information technology and social media outlets. It will continue to develop its publications, especially its website (<http://www.cnduk.org>).

**NOTES TO THE FINANCIAL STATEMENTS**

For the year ended 31 December 2022

**1. ACCOUNTING POLICIES**

***(a) General information and basis of preparation of financial statements***

The Campaign for Nuclear Disarmament (CND or "the Campaign") is a company limited by guarantee established in the United Kingdom. In the event of the Campaign being wound up, the liability in respect of the guarantee is limited to £1 per member of the Campaign. The address of the registered office is given in the Campaign information on page 1 of these financial statements. The nature of the Campaign's operations and principal activities are described in the Council's report.

The Campaign constitutes a public benefit entity as defined by the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102). The financial statements have been prepared in accordance with FRS 102 as amended in July 2015, the Companies Act 2006 and UK Generally Accepted Practice as it applies from 1 January 2016.

The financial statements are prepared on a going concern basis under the historical cost convention.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

***(b) Fund accounting***

Unrestricted funds are available for use at the discretion of the Council in furtherance of the general objectives of the Campaign and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Council for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Campaign for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

***(c) Income recognition***

All incoming resources are included in the Statement of Financial Activities (SoFA) when the Campaign is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received.

For donations to be recognised the Campaign will have been notified of the amounts and the settlement date in writing. If there are conditions attached to the donation and this requires a level of performance before entitlement can be obtained then income is deferred until those conditions are fully met or the fulfilment of those conditions is within the control of the Campaign and it is probable that they will be fulfilled.

For legacies, entitlement is the earlier of the Campaign being notified of an impending distribution or the legacy being received. At this point income is recognised. On occasion legacies will be notified to the Campaign but it is not possible to measure the amount expected to be distributed. On these occasions, the legacy is treated as a contingent asset and disclosed if material.

### NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

---

Income from trading activities includes income earned from fundraising events and trading activities to raise funds for, or to further the campaigning aims of, the Campaign. Income is received in exchange for supplying goods and services in order to raise funds and is recognised when entitlement has occurred.

#### **(d) Expenditure recognition**

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required and the amount of the obligation can be measured reliably.

Irrecoverable VAT is charged as an expense against the activity for which expenditure arose.

Grants payable to third parties are within the Campaign's objects. Where unconditional grants are offered, these are accrued as soon as the recipient is notified of the grant, as this gives rise to a reasonable expectation that the recipient will receive the grants. Where grants are conditional relating to performance then the grant is only accrued when any unfulfilled conditions are outside of the control of the Campaign.

#### **(e) Support costs**

Support costs are those that assist the work of the Campaign but do not directly represent campaigning activities and include office costs, governance costs, administrative payroll costs. They are incurred directly in support of expenditure on the objects of the Campaign. The analysis of these costs is included in note 8.

Fundraising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of campaigning activities.

#### **(f) Tangible fixed assets**

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Leasehold property	-	period to end of lease in 2030
Plant and machinery - office furniture and equipment	-	4-20 years

#### **(g) Investments**

Investments are recognised initially at fair value which is normally the transaction price excluding transaction costs. Subsequently, they are measured at fair value with changes recognised in 'net gains /(losses) on investments' in the Statement of Financial Activities.

**NOTES TO THE FINANCIAL STATEMENTS**

For the year ended 31 December 2022

---

***(h) Stocks***

Stocks are stated at the lower of cost and estimated selling price less costs to sell. Cost includes all costs of purchase and other costs incurred in bringing stock to its present location and condition. Cost is calculated using the first-in, first-out formula. Provision is made for damaged, obsolete and slow-moving stock where appropriate.

***(i) Debtors and creditors receivable / payable within one year***

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

***(j) Leases***

Rentals payable and receivable under operating leases are charged to the SoFA on a straight line basis over the period of the lease.

***(k) Employee benefits***

When employees have rendered service to the Campaign, short-term employee benefits to which the employees are entitled are recognised at the undiscounted amount expected to be paid in exchange for that service.

The Campaign operates a defined contribution plan for the benefit of its employees. Contributions are expensed as they become payable.

***(l) Tax***

Current tax represents the amount of tax payable in respect of the taxable profit for the current or past reporting periods - mainly on investment income and trading/sponsorship. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

***(m) Going concern***

The financial statements have been prepared on a going concern basis as the Council believe that no material uncertainties exist. The Council have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the Campaign to be able to continue as a going concern.

***(n) Judgements and key sources of estimation uncertainty***

No judgements (apart from those involving estimates) have been made in the process of applying the above accounting policies and there are no key sources of estimation uncertainty.

The grants from Marmot Charitable Trust (and, in 2021, WF Southall Trust) were originally made to the Nuclear Education Trust (NET - see Note 17) for CND's peace education work (2021 - Hiroshima anniversary education work). The grants were accepted by NET after the grant applications were reviewed by NET's non-CND trustees and found to fulfil NET's charitable objectives. The grants were then forwarded to CND.

In 2001 the Campaign invested £50,000 into unit trusts. Since then the portfolio has been re-organised without any money being invested or withdrawn until this year when a further £100,000 was invested in September 2022. At this time the portfolio was again re-organised, as shown above, in order to reflect CND's tightening ethical criteria and changing portfolios of existing investments. The year-end market value of the investments are as shown above. Dividend income is reinvested.

The investments have been chosen for their ethical credentials as recommended by Ethical Investors Group.

Corporation tax is normally only charged on interest receivable and affinity/sponsorship income from sympathetic organisations using the CND name and/or brand. This year, however, the investment re-organisation mentioned in Note 10 resulted in a charge to corporation tax on the cumulative investment gains. In total, tax was payable as shown above on the income for the year at 19.0% (2021 - 19.0%).

Other creditors includes an amount of £196,068 (2021 - £204,000) held, at their request, on behalf of Labour CND. During the year Labour CND released £6,932 from the balance as a donation to CND for activities at the Labour Party Conference.

As explained in Note 16, the Campaign pays to Scottish CND membership income received on its behalf and its share of legacies. The amounts calculated as payable for the financial year are shown above as part of Other creditors. The arrangements for CND Cymru are explained in Note 16.

The Campaign makes prudent provision for the cost of future repairs required to be carried out under the terms of its office lease, including regular internal and external decoration. The provision made in the year is included in premises costs as shown in Note 8. Details of movements for the year are shown above.

### 14. OPERATING LEASE COMMITMENTS

The Campaign holds its premises under a 20 year lease to 18 June 2030 but there is a break-clause specifying a potential break in June 2025 (subject to 6 months' notice). Future minimum lease payments for each of the following periods inclusive of VAT (currently 20%) are as follows:

The Accumulated surplus includes a revaluation reserve £1,078 (2021 - £114,081), which represents the excess of the value of the fixed asset investments over their original cost as detailed in Note 10.

The General reserve was set up to allow an orderly wind-down of the Campaign, should this ever become necessary, and should be used for this purpose only. The balance in the reserve is maintained at approximately three month's core expenditure.

The purpose of the Fixed assets reserve is to reflect the Campaign's funds which are tied up in fixed assets and therefore not available for spending on other purposes. The year-end balance has been set to equate approximately to the net book value of fixed assets.

The Legacy reserve comprises £200,000 set aside from legacy income to spend on activities that will support the Campaign's longer term income generation. In the first instance it is being used for membership development through the use of social media and other software tools to generate more membership leads from those interested in our campaign, via the website and social media platforms.

Yorkshire CND donated £5,000 in 2019 towards the Campaign's international work.

#### 16. TRANSACTIONS WITH OTHER CND ORGANISATIONS

The Campaign makes grants to regional CND organisations (including contributions to the employment of staff in the regions) and specialist sections and the totals given are shown in Note 7.

The Campaign pays to Scottish CND a proportion, based on the number of Scottish members as a proportion of total Campaign membership, of legacies received by the Campaign after deduction of legacies received by Scottish CND. The net amounts payable of £20,773 (2021 - £51,324) are deducted in arriving at the Legacies income shown in the Statement of Financial Activities.

The Campaign also pays to Scottish CND the subscriptions received from Scottish members by CND on their behalf. The amounts concerned, £7,357 (2021 - £7,929), are deducted in arriving at the Membership subscriptions income shown in the Statement of Financial Activities. All membership dues were paid quarterly in arrears.

**NOTES TO THE FINANCIAL STATEMENTS**

**For the year ended 31 December 2022**

---

Previously CND Cymru had a similar arrangement but since 2008 it has foregone its proportion of legacy income and membership subscription income in return for CND meeting its £15,000 per annum management and administrative support costs (included in the Statement of Financial Activities under Regions). In 2010 the Council agreed to make this alternative arrangement permanent. Had the old system remained in place, CND Cymru would have been entitled to £4,396 for legacies (2021 - £9,920) and £1,657 for membership subscription income (2021 - £1,683).

All amounts due were paid by the year-end except for the final quarter's membership dues amounting to £1,762 (2021 - £1,958) and the annual legacy income share-out (as detailed above) to Scottish CND which are paid in arrears.

As explained in Note 1 all these other CND organisations are completely autonomous and organisationally separate from the Campaign.

**17. NUCLEAR EDUCATION TRUST**

The Campaign works closely with the Nuclear Education Trust (NET), a registered charity, and has the right to appoint 3 of NET's trustees (which can number up to 9). NET has provided funding to the Campaign as shown in Note 3. In 2021 CND agreed to repay a £5,000 grant from NET and this amount was included in Creditors as shown in Note 12; CND repaid £4,000 in 2022 leaving £1,000 outstanding at the year-end. NET made a £20,000 grant to CND for its acclaimed Peace Education work in 2022 (2021 - £Nil). NET operates from the premises of the Campaign which provides administrative and other services to it in return for a management and other service charge as shown on page 6. Both parties consider this charge to be a fair reflection of the value of services provided.
